

Telšiai region - your business location in Lithuania

Fueling the future

Track Record

The region's economic powerhouse is the oil refinery ORLEN Lietuva. This company, located in Mažeikiai, is the biggest producer of petrol products in the Baltic states. The presence of the oil industry has led to the development of the metal working and machinery industries. The region has a large talent pool of food industry professionals, and is home to some of the largest domestic and international dairy brands. Lithuania's largest fish processing and culinary product manufacturer is also found here.

Industrial Competences

Oil processing - gasoline, diesel fuels, fuel oil, jet fuel, liquefied petroleum gas, bitumen, and elemental sulphur.

Food - dairy, fish and meat products.

Wood & furniture - upholstered furniture, solid oak and veneered oak furniture.

Metal processing & machinery - starters and alternators, agriculture machinery, household equipment, polished wire, nails, and fitting parts.

Exclusivity of the Region

1.

In terms of economic structure, Telšiai county is distinguished from other regions by the fact that more than 30% of the total added value is created by manufacturing companies.

2.

Although the Telšiai region is home to the largest company in Lithuania - Orlen Lietuva - the region is also successful in the areas of food, furniture, wood, metal manufacturing and processing. A number of regional companies supply products or provide services for the biggest oil refinery Orlen Lietuva. The region is specially advanced in metalworking expertise.
